

FRENCH DOORS

SINGLE AND DOUBLE ASTRIGAL

Sovereign and its international suppliers offer our customers elegant design and outstanding performance.

All while greatly assisting the design team in obtaining the BASIX CERTIFICATE for home or commercial developments.

Sovereign offer an extensive range of windows & sliding doors. Combining the unique features and options available our customers now have the possibility to design a French Door in either Single or Double Door (Astrigal Door) unique to their requirements.

The first 100% thermally broken French Door profile on the market with outstanding energy savings never before obtainable.

Installations around the world have demonstrated the versatility and thermal efficiency of the product combined with unparalleled stability. Completely unaffected by salt spray, what more can be asked.

Not only are the profiles suitable for commercial applications, but also for building beautiful homes with unbelievable energy efficiency.

Beyond 5 star is only just the beginning with our standard 5mm toughened / 12mm air gap / 5mm toughened

having an outstanding "U" value of 2.6 which is our "worst" performance offering.

Combine our frames with the very latest Solaban glass and our performance is almost 3 times more efficient than standard Aluminium. Just imagine the design freedom that provides.

Maintenance is an option not a requirement with high grade automotive paint finish, including split colour Pearl finish providing a unique combination of performance and style. A 50 year life span on the frame can be expected.

For the environment our French Doors have the lowest embodied energy and are recyclable.

having an outstanding "U" value of 2.6 which is our "worst" performance offering.

Combine our frames with the very latest Solaban glass and our performance is almost 3 times more efficient than standard Aluminium. Just imagine the design freedom that provides.

Maintenance is an option not a requirement with high grade automotive paint finish, including split colour Pearl finish providing a unique combination of performance and style. A 50 year life span on the frame can be expected. For the environment our French Doors have the lowest embodied energy and are recyclable.

The advances just keep on coming with triple glazing out to 35mm and the ability to fit Venetian blinds within the double glazing.

The finished product - split colours;

After all the technical aspects are taken care of you need to pamper yourself with our selection of unlimited colours designed to match your personnel style. You can even have one colour on the inside to match your furniture and a different colour on the outside to match the brickwork or any other wall material. Split colours however do attract an additional cost for this unique option.
